SUB TITLE

1. New Providence Island, Bahama Group, extends its tropical charm, its easy-going industries and intoxicating liberties to us -- how could anyone refuse to partake of such a treat.
2. So we plunged recklessly in and hailed the first "conveyer" slated for Grantstown.
3. Pausing long enough to glimpse a few "bad men" mending their country's ways.
4. "Grantstown," says the driver.
5. "We grant it is," says we, spying a Monte Carlo outfit of Congo origin in working order.
6. A shade better than the sun.
7. We were itching for society notes, but our itchings were only increased.
8. Across the way a wandering minstrel wandered through a few bars ----
9. ----- causing a slight shuffle in his audience.
10. Great discoveries often come unexpectedly, so we were not surprised at finding talent capable of expressing "haughtiness" fluently.
11. Pick - a - Ninnie.
12. Down the street an argument had ~~taken~~ just taken place ----
13. ----- and the last words uttered.
14. At a stone quarry nearby were those thattoiled, tugging away at their saws, cutting the soft stone into blocks.
15. Then the blocks are introduced to the masons and housebuilding begins.
16. A toiler of the sea.
17. The sisal industry, we found, was one of considerable ~~importance~~ importance, for it is from sisal that the strongest kind of binder twine is made.
18. The sisal is shredded and the long strands of fiber remaining look very much like a white horse's tail.
19. Sisaling didn't make much of a hit with us until we saw'em sitting down on the job.
20. Then the unavoidable happened -- our stomachs were completely upset by the odor of cats.
21. The cook and her cookies.
22. Society has ordained it.
23. A milk station.
24. Then romance crept in -- the romance of pirate days and armed only with our trusty camera, Blackbeard's Cave was soon taken.
